WAR COLLEGE ASKS ARMY OF 1,500,000

nated at \$319,473,000, as against \$182,- calities can be defended is by providing

secretary Garrison's statement shows that the War College has been asked by renew its consideration of the subset, so that certain of its estimates may be more fully worked out.

The report opens with a consideration of the military problem confronting the United States, and the confective force. Hence it can be seen that it may be thrown in at threatened points at the proper time.

"It has just been shown what the strength of these expeditions might be, as well as the time required for any one of them to develop its whole effective force. Hence it can be seen asked to the proper time.

ship of the Congressional work is Washington or the shepherding of the Western voters. To-day she took helplunge with the Westerners.

"I am going out as a weeping beggar," she said. "Those women out is Colorado and California don't realization when much we need them. They have

talk to them and beg them to do defi-nite political work to help the passage of the Susan B. Anthony amendment. They will probably compel their state legislatures to pass resolutions calling on Congress to pass our bill, and they will get similar resolutions passed by their state committees.

Hyphenates Lose Ground.

"Oh, yes, they can get those resolu-tions passed. They have eighty-one electoral votes, and they will remind the political parties that those eighty-one votes will be rewards of good he-havior in next fall's election." Although there have been mutterings about a "one-woman organization," the

ciliation. Mrs. Agnes Jenks, of Rhode Island, is the latest convert to the hyphenated cause. At present the delegations of Rhode Island, Connecticut, had an abundance of evidence and had

finding something new to badger Con-gress over. It seems that a bill has been introduced granting suffrage to the men of the District of Columbia.

U. S. GRIP CLOSING OPERA TO ALD WAR RELIEF ON RINTELEN MEN

Convictions Regarded as Certain—Indictments Expected Next Week.

WASHINGTON PEOPLE SAID TO BE INVOLVED

More Evidence of False Clearances by Germans To Be Given Grand Jury.

Although there have deen an addition. The about a "one-woman organization." the convention closed its formal sessions to-day without any visible dissatisfaction. The administration cendidates for the executive committee were unanimously elected as follows:

One would be a second to the convention of Chairman, Miss Alice Paul, and Miss Lucy Burns, Mrs. O. H. P. Belmont, Mrs. John Winters Brannan, Mrs. Gilson Gardner, Miss Elsie Hill, Mrs. Donald Hooker, Mrs. William Kent, Mrs. Lawrence Lewis and Miss Anne Martin.

The dove of passa continue to boyer, and visited the State Department and not visited the State Department and

GRAIN ELEVATORS BURNED AT ERIE

500,000 Bushels of Wheat for Allies Lost-Dynamite Found on Munition Train.

South Bethlehem, Penn., Dec. 10 .- An explosion to-day in the fuse plant of the Bethlehem Steel Company at Redngton, six miles from here, killed one train. them seriously. The accident occurred in the pellet department of the plant and resulted, it was said, from a spark at a die communicating with quantities

Information regarding the explosion was for a time difficult to obtain, of-icials of the Bethlehem Steel Company in this city maintaining their usual si-lence as to what occurs within the plant All available ambulances of the steel works were immediately rushed to Redington, and the injured were

quickly brought to this city.

The fuse plant employs several hundred men, who are at present engaged chiefly in making shell fuses for the Entente Allies.

in Eric Elevator Fire

Eric, Penn., Dec. 10.—Two of the three Anchor Line grain elevators owned by the Pennsylvania Railroad Company here were destroyed by fire early to-day with their contents, about 500,000 bushels of wheat. The loss is estimated at \$750,000 A third elevator. holding 325,000 hushels of wheat, was saved by firemen. The re will be requested.

Joseph O'Brien, treasurer of the Antions existed.

chor Line, gives no credit to rumors that the blaze was of incendiary origin. Assistant Fire Chief Cronin differs with O'Brien and is firm in his belief that the building was set on fire. Finds Dynamite Sticks

the objective of threatening the destruction of the seaport or of a fleet could, if unopposed, penetrate to some driven to seek refuge or repair therein. one of them to develop its whole effective force. Hence, it can be seen, elusion is reached that "the safeguard of isolation no longer exists," since "the occans, once barriers, are now easy avenues of approach by reason of the number, speed and carrying capacity of occan-going vessels."

It declares that the successful outcome of the war, and to have at least 500,000 more available within innety days have given the public a wrong impression, inasmuch as careful study of these wars reveals "a startling picture of faulty leadership, needless varte of lives and property, costly overhead charges, augmented by payment of bounties to keep up voluntary enlistments, undue prolingation of all these wars, and, finally, reckless expenditure of public funds for continuing pensions."

The regular army is the peace nucleus of the greater war army of the seen, when we take into consideration the decive force. Hence, it can be seen, decive force, include a mobile force strong enough to anticipate and or attended to harder war army of the navy, that cur system should be determined not only by its relation to the larger force, but by its own peace and war functions. It must be relation to the larger force, but by its own peace and war functions. It must be relation to the larger force, but by its own peace and war functions. It must be relation to the larger force, but by its own peace and war functions. It must be possible to seed and serve with the aurostic feetive force. Hence, it can be seen, decive of the greater war army of the nation. Its strength and or othe larger force, but by its own peace and war functions. It must be peace and war functions. It must be possible to some available within innety days of the great war army of citizen soldiers.

"Here, however, it must be pointed at all times to meet sudden the country has been engaged has given facilities provide the surface with the successful outcome of the war, and to have at least 500,000 more available within innety days in the public and to protect the canal spac
